Put Your Organization at the Center of the Earth-Observation Community

In 2027, the global geoscience and remote sensing community will gather in Reykjavík—a place where the forces shaping our planet can be seen, measured, and understood.

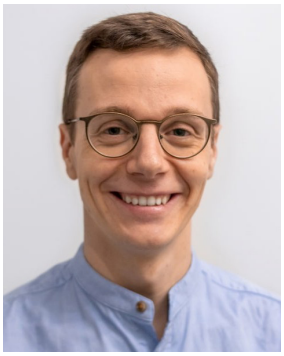

IGARSS 2027 invites your organization to join leading scientists, engineers, technology providers, government agencies, policymakers, students, and emerging innovators for a week of discovery, collaboration, and meaningful business connections.

As a sponsor or exhibitor, you will do more than place your brand in front of an international audience. You will demonstrate your commitment to the technologies, partnerships, and ideas helping society understand a changing planet—and make better decisions for its future.

Why Iceland?

Iceland is not simply the host destination for IGARSS 2027. It is a living Earth-observation laboratory.

Glaciers and ice caps, active volcanoes, geothermal systems, rugged coastlines, dynamic oceans, and rapidly changing landscapes make Iceland an extraordinary setting for conversations about climate, hazards, energy, environmental monitoring, and planetary resilience.

Here, the mission of remote sensing is visible all around us.

Against this remarkable backdrop, IGARSS 2027 offers sponsors and exhibitors a distinctive opportunity to connect their technologies and expertise with real-world challenges—and with the people working to solve them.

Why Partner with IGARSS 2027?

Reach the people advancing the field

Connect with an international community of researchers, engineers, program leaders, public-sector representatives, educators, and technology buyers.

Turn visibility into conversation

Meet prospective customers, collaborators, users, and recruits through exhibition-hall engagement, technical programming, workshops, and social events.

Demonstrate—not just describe—your capabilities

Show how your instruments, platforms, analytics, data, services, and research contribute to environmental intelligence and informed decision-making.

Build credibility with a trusted global community

Position your organization alongside IEEE GRSS and the institutions shaping the future of geoscience and remote sensing.

Connect with the next generation

Engage students, early-career professionals, and rising researchers who will become tomorrow's technical leaders, customers, and collaborators.

Create a partnership around your goals

Choose from established sponsorship opportunities or work with us to develop a customized presence aligned with your audience, message, and business objectives.

TERMS AND CONDITIONS

2027 IEEE International Geoscience and Remote Sensing Symposium
July 11–16, 2027
Harpa Concert Hall and Conference Centre
Reykjavík, Iceland

1. CHARACTER OF THE EXHIBITION: IEEE GRSS and its designated agents reserve the right to determine the eligibility of any organization, product, or service and to restrict, prohibit, remove, or evict any Exhibitor or exhibit that detracts from the character of the Exhibition or violates these Terms and Conditions.

2. LOCATION AND DATES: The 2027 IEEE International Geoscience and Remote Sensing Symposium will be held July 11–16, 2027, at Harpa Concert Hall and Conference Centre in Reykjavík, Iceland. The exhibition schedule, including move-in, exhibit hours, and move-out, is subject to change.

3. VENUE RULES: All applicable rules, regulations, safety requirements, and reasonable instructions of Harpa Concert Hall and Conference Centre, IEEE, and the Conference Organizers must be followed. Activities conducted within Harpa are subject to applicable Icelandic law and Venue requirements. If a Venue requirement directly conflicts with these Terms and Conditions, Harpa's mandatory safety, security, catering, technical, and building requirements will govern activities conducted within the Venue.

4. EXHIBITION SPACE AND PAYMENT: Unless otherwise stated in the prospectus or confirmed in writing, a standard exhibition space is an open, designated area of 6 square meters. Exhibition Space I includes a conference-supplied backlit wall as described in the prospectus. Exhibition Space II does not include a wall, and exhibitors purchasing Exhibition Space II are not required to provide one. Exhibitors may use their own professional, freestanding backdrop, banner system, or display, provided that it remains entirely within the assigned space and complies with Harpa and Conference Organizer requirements. Except for the wall specifically included with Exhibition Space I, no booth walls, pipe and drape, partitioning, or enclosed booth structure will be supplied The furnishings and registrations included with each exhibition-space option are limited to the items listed in the prospectus or the Exhibitor's written confirmation. Exhibition-space fees and sponsor packages are listed in the prospectus and application. Failure to make final payment by the stated deadline constitutes cancellation of the agreement. All bank charges, transfer fees, taxes, and other payment-related charges are the responsibility of the payer.

5. AUDIOVISUAL AND TECHNICAL EQUIPMENT: Exhibitors may bring audiovisual or technical equipment for use within their assigned spaces, subject to advance approval when required by Harpa or the Conference Organizers. Outside sound, lighting, electrical, audiovisual, rigging, or other technical equipment must comply with Harpa's technical and safety standards. Connection to or operation of Harpa's technical, electrical, lighting, sound, or other building systems may be performed only by Harpa personnel or an authorized contractor when required. Exhibitors are responsible for their equipment and for all costs associated with its transportation, installation, operation, supervision, adjustment, removal, and approval. Harpa, IEEE, the Conference Organizers, and show-service personnel are not responsible for maintaining, repairing, or replacing equipment supplied by an Exhibitor.

6. SPACE ASSIGNMENTS: Space assignments are made on a first-come, first-served basis, with all assignments made in the best interests of the Exhibition. An Exhibitor may indicate a preferred location when reserving a space. All selections are subject to availability, confirmation, and payment. IGARSS reserves the right to alter an Exhibitor's assigned space when necessary and in the best interests of the Exhibition. When practical, the Exhibitor will be consulted before this right is exercised. The exhibition floor plan is preliminary and subject to change.

7. SUBLETTING OR SHARING OF SPACE: The Exhibitor may not assign, sublet, share, or apportion all or any part of the assigned space without the prior written consent of the Conference Organizers. The Exhibitor may not display representatives, equipment, products, signage, or materials from another organization without prior written consent. Only one organization will be recognized as the Exhibitor. Any other organization occupying or represented within the space must be disclosed as a subsidiary, affiliate, or approved participating organization.

8. GENERAL REGULATIONS: Loudspeaker sound displays and other activities that interfere with neighboring exhibitors, conference sessions, attendee communication, or Venue operations are prohibited. The Conference Organizers reserve the right to refuse, restrict, remove, or require modification of any exhibit, material, demonstration, or activity that is unsafe, disruptive, in poor taste, inconsistent with the professional character of the Symposium, or contrary to these Terms and Conditions. All exhibits, signs, banners, backdrops, product displays, and other materials must be freestanding, stable, and contained entirely within the assigned space. Nothing may be nailed, screwed, stapled, taped, glued, painted, suspended, drilled, fastened, or otherwise attached to Harpa's walls, floors, ceilings, windows, doors, columns, railings, fixtures, equipment, or other surfaces without prior written approval. Smoking and vaping are prohibited inside Harpa. Open flames, candles, pyrotechnics, smoke effects, and similar ignition sources are prohibited unless specifically approved in writing by Harpa and all required safety measures are in place. Exhibitors and their representatives must comply with the reasonable instructions of Harpa personnel and the Conference Organizers.

9. SAFETY CONSIDERATIONS: All exhibit and display materials must comply with applicable fire, electrical, building, accessibility, and hazardous-material requirements. Volatile oils, gases, explosives, flammable or hazardous substances, or any material prohibited by Harpa or the relevant authorities will not be permitted in the exhibition area. All electrical work and wiring must be approved and installed in accordance with applicable regulations and Harpa requirements. Corridors, aisles, stairs, entrance doors, exit doors, and emergency routes must remain clear and unobstructed at all times. No object may be attached to or suspended from fire sprinklers, lighting fixtures, ceilings, or other building systems without prior written approval. Fire-alarm call points, fire-hose reels, extinguishers, emergency signs, emergency exits, and other safety equipment must remain visible and accessible. Access may not be blocked or impeded by displays, partitions, equipment, furnishings, packaging, or other objects. Harpa and the Conference Organizers may remove or require modification of any material, equipment, or display that creates a safety concern or obstructs an emergency route or safety system. Any resulting costs will be the responsibility of the Exhibitor.

10. OFFICIAL CONTRACTORS AND VENUE SERVICES: Harpa and the Conference Organizers may appoint or approve official contractors to provide exhibition, technical, catering, electrical, freight, cleaning, security, and other services. Exhibitors may not contract with another provider for a service subject to Harpa's approval or exclusive service arrangements without the express written consent of the Conference Organizers and Harpa. Permission may be denied for safety, security, technical, operational, or contractual reasons. Services, equipment, personnel, or facilities not expressly included with an exhibition space must be ordered separately and will be charged at the applicable rates.

11. ON-SITE REPRESENTATIVE: Exhibitors must keep an authorized attendant in their assigned space during all published exhibition hours. The space must be fully installed, operational, and professionally maintained throughout the exhibition. Early dismantling, packing, or removal is not permitted without approval from the Conference Organizers.

12. SECURITY AND LIABILITY: All Exhibitors, representatives, contractors, and other persons working within Harpa must wear the security identification or Event credentials required by Harpa and the Conference Organizers. Harpa may refuse or revoke access when a person does not comply with applicable security requirements. Harpa may also refuse entry to or require removal of equipment that does not comply with Venue rules. Any security arrangements provided for the Event do not guarantee the protection of an Exhibitor's property. The Exhibitor assumes responsibility for its displays, products, equipment, materials, valuables, and personal property before, during, and after the Exhibition. The Exhibitor assumes full responsibility and agrees to protect, indemnify, defend, and hold harmless IEEE, the Symposium sponsors, the Conference Organizers, Harpa, and their respective employees and agents against claims, losses, damages, governmental charges, fines, and reasonable attorneys' fees arising from or caused by the Exhibitor's installation, removal, maintenance, occupancy, or use of the exhibition premises or any part thereof, except to the extent caused by the sole negligence of the party seeking protection. Exhibitors acknowledge that IEEE, Harpa, and the show-service contractors do not maintain insurance covering the Exhibitor's property. Exhibitors are responsible for obtaining appropriate property, liability, transportation, and business-interruption insurance covering losses associated with participation in the Exhibition.

13. FACILITY DAMAGE, CLEANING, AND REMOVAL: Exhibitors and their agents must not injure, stain, scratch, deface, alter, or damage the walls, floors, ceilings, fixtures, equipment, furnishings, or other property of Harpa. The Exhibitor is responsible for damage caused by its employees, representatives, contractors, guests, equipment, or materials. General Venue cleaning does not include cleaning inside individual exhibition spaces unless specifically stated. Exhibitors must keep their spaces clean, orderly, and safe. All displays, equipment, signs, packaging, waste, and other materials must be removed by the published move-out deadline. Materials may not be stored in loading bays, service corridors, emergency routes, or other unauthorized areas. If an Exhibitor fails to remove its property or restore its space, Harpa or the Conference Organizers may arrange removal, storage, disposal, cleaning, or repairs at the Exhibitor's expense.

14. CANCELLATION: If an exhibition space is canceled by the Exhibitor on or after April 16, 2027, or if the Exhibitor fails to occupy the contracted space, IEEE is entitled to the full amount of the space rental. Cancellation must be submitted in writing to the Conference Organizers. The Harpa cancellation schedule contained in Harpa's agreement with the Event organizer does not apply directly to individual Exhibitors.

15. AMENDMENT TO EXHIBITOR AGREEMENT: All matters or questions not specifically covered by these Terms and Conditions are subject to the discretion of the Conference Organizers and IEEE. IEEE and the Conference Organizers may issue reasonable additional instructions or make reasonable amendments when necessary for safety, security, legal compliance, Harpa operations, or the successful management of the Exhibition.

16. INABILITY TO PERFORM: If IEEE is prevented from holding the Exhibition by a cause beyond its control, or if IEEE cannot permit the Exhibitor to occupy the assigned space because of circumstances beyond its control, IEEE will refund the exhibition-space rental paid by the Exhibitor. IEEE will have no further obligation or liability to the Exhibitor. Circumstances beyond IEEE's control may include severe weather, natural disasters, earthquakes, volcanic eruptions, volcanic gas pollution, fire, flood, epidemic, governmental action, labor disruption, transportation interruption, Venue unavailability, or other comparable circumstances.

17. SALES, PROMOTIONS, AND DRAWINGS: All promotions conducted by the Exhibitor must be free of undisclosed obligations on the part of the winner or participants. Promotions, contests, prize drawings, and giveaways must be approved by IEEE before the opening of the Event and must comply with applicable law. Food, beverages, alcohol, candy, bottled water, samples, and other consumable items may not be brought into, served, sold, or distributed within Harpa without prior approval. Harpa's authorized catering provider holds exclusive catering rights within the Venue unless Harpa agrees otherwise in writing. The sale of goods, services, merchandise, publications, souvenirs, or other items within Harpa requires advance approval from the Conference Organizers and Harpa. The Exhibitor is responsible for all permits, taxes, licenses, disclosures, and legal requirements associated with an approved promotion or sale.

18. SPONSOR AND SUPPORTER ENTITLEMENTS: Completion of the sponsorship, support, or grant portion of the application constitutes a commitment to provide the stated support. Full payment must be received by the applicable deadline. If full payment is not received, the agreement may be considered null and void, and all promotional entitlements may be withdrawn. IEEE may make reasonable changes, amendments, additions, or substitutions to sponsor and supporter entitlements when required by changes to the Event program, schedule, Venue, production requirements, or other circumstances. To be included in the Symposium's published sponsor-recognition materials as a Platinum, Gold, Silver, or Bronze Sponsor, IEEE must receive the Contributor's signed application, applicable payment, and required logo or artwork by May 14, 2027. Materials received after the deadline may not be included in printed or previously produced materials.

19. COMPLIANCE WITH TERMS AND CONDITIONS: IEEE may make reasonable changes, amendments, or additions to these Terms and Conditions. Interpretation of these Terms and Conditions rests with IEEE and the Conference Organizers. Failure to comply with these Terms and Conditions, applicable Harpa requirements, or the reasonable instructions of IEEE, the Conference Organizers, or Harpa may result in removal of materials, revocation of credentials, ejection of the offending Exhibitor or representative, or closure of the exhibit without refund. By submitting an application, making payment, accepting an assigned space, or participating in the Event, the Exhibitor acknowledges and agrees to these Terms and Conditions.
